TECHNOLOGY STUDENT OF THE YEAR SCHOLARSHIP

Application Deadline April 15th 11:59 PM MST

Each spring Pine Cove Consulting opens nominations for its Technology Student of the Year Scholarship. Unlike traditional scholarships where the student applies, we ask school administrators, teachers, faculty, and community members to nominate graduating high school students. Pine Cove is looking for students interested in pursuing a degree or career in technology, engineering, computer science or a related field.

If you are a student reading this application, please feel free to share this application with a reference you would like to nominate you.

Your application may either be typed or filled in by hand.

Please feel free to attach additional documents.

The nominator and student may also apply for the Future Leaders of IT Fellowship.

The nominator may nominate multiple students.

TO SUBMIT YOUR APPLICATION:
Email to marketing@pinecc.com or
mail-in to Pine Cove Consulting Attn: Technology Leadership Program
PO 11150, Bozeman, MT, 59719
